

## One Solution Soundbar S-9/S-7 with OPSODIS 3D Technology

The simplicity and the convenience.  
Perfect sound will enrich your emotion.

- ✓ Total 150 Watt Output Power
- ✓ OPSODIS 3D Surround Solution
- ✓ Dolby Digital / DTS
- ✓ Wireless Music Streaming via Bluetooth
- ✓ 3In/1Out HDMI Repeater

## OPSODIS 3D Sound Solution

Sherwood S-9/S-7 features OPSODIS Technology which generates spatial sound without having to use wall to reflect the sound. It creates the illusion of three-dimensional acoustics and enables you to experience the film sound track and music with power and intensity not previously achieved.

### OPSODIS Surround Mode

- **3D Surround Mode**  
Enriches the sound reproduction quality of Stereo or 5.1ch audio input source with the aid of virtual 5.1ch 3D effect
- **3D Stereo Mode**  
Reproduces mode sound expansion through 2ch audio system with OPSODIS sound processing
- **Stereo Mode**  
Reproduces realistic sound through the front speaker. DTS/Dolby Digital multichannel sources are downmixed to stereo with the aid of digital sound processing.

### Surround Mode

- Each speaker unit is incorporated individually to raise channel separation and enforce surround mode effect.
- It also supports DTS / Dolby Digital Surround Mode which enables you to enjoy enriched sound.

### Six Built-in Speaker Units with Discrete Amplifiers

- 5 inch woofer x 2 reproduce low frequency sound below 2.5kHz without connecting additional sub-woofer
- 1 inch mid-range x 2 reproduce mid frequency sound from 2.5kHz to 7kHz, making you feel at the scene.
- 0.8 inch tweeter x 2 reproduce high frequency over 7kHz, delivering clarity of sound

# Design Concept

S-9 / S-7 is designed to deliver pure and enriched sound by cancelling crosstalk under limited cabinet space, installing Woofer and mid-range tweeter speaker assigned to each frequency range.

## Characteristics

- Sherwood S-9/S-7 is space-saving "All-In-One" Soundbar Home Theater System which unifies the complicated multichannel AV receiver and removes wirings and connections.
- You can experience magnificent surround panorama with sound-oriented design.

## Designer's intention

- We focus on creating luxurious mood based on stylish and emotional premium design concept adding interior design emotion.
- We differentiate it by pouring speakers and receiver into Hi-Fi Form Factor.
- Simple and soft curve makes it look more natural and exclusive.
- S-9/S-7 embodies itself "New Waves" design concept and excites user's emotion and convenience by extruding two dial-control knobs.

# Technical Functions

## Bluetooth Streaming

- Version : V2.1 + EDR
- Class 2 Level Output Power (10m)
- High performance Stereo Codec
- 16Mbits Flash Memory
- Enhanced Audibility and Noise reduction

## In/Out Connector

- HDMI 3in / 1Out
- Digital(Optical In x 1)
- Aux In x 1
- FM Tuner
- SubwooferPre-out ( x 2 )

## Front USB Input

- USB Version: V2.0
- Codec: MP3, WMA

# S-9 / S-7

## 3D Sound Bar System

### Key Feature

- OPSODIS 3D Surround Solution
- Dolby Digital / DTS
- Wireless Music Streaming via Bluetooth (S-9 Only)
- 3 Sound Mode (3D Surround Mode / 3D Stereo Mode / Stereo Mode)
- 3In/1Out HDMI Repeater (3D/ARC/CEC)
- 1 Optical Input & 1 Analog Input for Audio
- Front USB Input (S-9 Only : MP3/WMA)
- FLT Display on Front
- Subwoofer Pre-Out x 2
- 192kHz / 24bit D/A Converter

### Amplifier & Speaker Feature

- Total 150 Watt Output Power
- 6 Built-in Speaker Units
- 0.8" Tweeter x 2
- 1" Mid-range x 2
- 5" Woofer x 2

### Tuner Feature(S-9 Only)

- Quartz Synthesized Digital Tuning
- 30 Stations Preset
- RDS Function : PS, TA, RT and PTY (Europe Version Only)

### General Feature

- High Glossy Finish
- Remote Controller
- Color Availability : Black / Silver
- Dimension (WxHxD) : 1,035x130x108mm
- Weight(Net) : 6.1Kg
