

TAV-306 v.2

Bigger is better ;)

Slim, elegant and plain cabinets can perfectly fit hi-fi and home theatre systems in audition rooms up to around 28 square meters.

In the v.2 version the front speakers have grown by extra 5 cm in height and almost 2 cm in depth as well as woofers utilize stronger and heavier magnets what is reflected in a lower bass extension, higher dynamics and efficiency.

The new version has a PVC front panel instead of high gloss black.

Our designers and sound engineers have put stress on keeping very good balance of TAV-306 v.2 speakers, what can be heard in a very smooth performance along all frequencies.

TAV-306 v.2 can boast of the performance of much larger competitors.

Speakers are sold as 5.0 set only.

Available in 3 modern finishes: Black, Wenge and Walnut.

SPECIFICATIONS

Model:	TAV-306F v.2	TAV-306C v.2	TAV-306S v.2
Design:	2-way, 3 drivers, floorstanding, front bassreflex port, crossover point 3kHz	2-way, 3 drivers, center speaker, wall mounts, crossover point 4.5kHz	2-way, 2 drivers, surround speaker, wall mount, crossover point 4.5kHz
